

## EG-Declaration of Incorporation in the sense of the Machinery Regulation (EU) 2023/1230 annex V, Part B

We hereby declare that for the incomplete machine „hydraulic lifting system“, for ergonomically height adjustable workplaces or similar, with the variants

| Hydraulic system                      |   |                                   |   |                                                                |
|---------------------------------------|---|-----------------------------------|---|----------------------------------------------------------------|
| Drive                                 | + | Pump                              | + | Lifting element                                                |
| Hand crank<br>(113.xxxxx)             |   |                                   |   | Cylinder CB, CD, CE, CG, CH, CI, Cx<br>(107/109/307/309.xxxxx) |
| Motor<br>PxA, PxB, PxD<br>(112.xxxxx) |   | PA, PB, PF<br>(100/102/103.xxxxx) |   | Linear unit LA, LB, LD, LG, LH, Lx,<br>(106/306.xxxxx)         |
|                                       |   |                                   |   | Table leg TA, TL, TM, TQ, TT, TU, Tx<br>(106/306.xxxxx)        |
|                                       |   |                                   |   | Lifting castor HR, Hx<br>(501.xxxxx)                           |

the following essential requirements of the Machinery Regulation (EU) 2023/1230 are applied and complied with:

**1.1.2.; 1.1.3.; 1.1.5.; 1.1.6.; 1.2.; 1.3.2.; 1.3.4.; 1.3.9.; 1.5.1.; 1.5.3.; 1.5.4.; 1.5.7.; 1.5.8.; 1.5.9.**

In particular the applied harmonized standards:

|                     |                                                                       |
|---------------------|-----------------------------------------------------------------------|
| <b>EN 1005</b>      | <b>Safety of machinery: Physical performance</b>                      |
| <b>EN ISO 12100</b> | <b>Safety of machinery: 2011</b>                                      |
| <b>EN 55014</b>     | <b>Electromagnetic compatibility</b>                                  |
| <b>EN 60335</b>     | <b>Safety of electrical appliances for household use</b>              |
| <b>EN 60204</b>     | <b>Electrical equipment of devices</b>                                |
| <b>EN 61000</b>     | <b>Electromagnetic compatibility: EMC</b>                             |
| <b>EN 62233</b>     | <b>Houshold electrical appliances EMC, evaluation and measurement</b> |

specific technical documentation have been created in accordance with annex IV, part B, and will be sent to the national authorities by registered letter or electronically, if the request is justified, and this incomplete machine is in conformity with the relevant provisions of other EU Directives and Regulations:

|                    |                                                   |
|--------------------|---------------------------------------------------|
| <b>89/391/EG</b>   | <b>Safety and health of workers</b>               |
| <b>2023/988/EU</b> | <b>Regulation on general product safety</b>       |
| <b>2014/30/EU</b>  | <b>Directive on electromagnetic compatibility</b> |
| <b>2014/35/EU</b>  | <b>Low voltage directive</b>                      |

Furthermore, we declare that this incomplete machine may only be commissioned if it has been determined that the machine in which the incomplete machine is to be installed complies with the provisions of the Machinery Regulation (EU) 2023/1230 and our assembly and service operating instructions have been followed.
